

JUST GOSSIP ABOUT PEOPLE

Nancy Wynne Tells of Seeing Mrs. Clothier, Who Has Returned From Western Ranch—Speaks of Several Debutantes.

I SAW Mrs. Isaac Clothier, Jr., the other day looking very smart in a dark blue one-piece frock embroidered in silk. Her hat was a rather small model, trimmed with lighter blue velvet, and she wore brown shoes and gloves. She has just come back from a ranch in the West, where she and her son, Isaac, 3d, spent several months. They had the most wonderful time. I recall never seeing her looking so well. She left yesterday for St. Paul, where she will attend the Clothiers where he attends school. I will be entering during the horse show of Boson, staying with them during that week. Their daughter, Catharine Clothier, has a number of ponies and horses, and she has a very nice little tot and her ponies know her and seem to love her.

SPEAKING of horse shows, I hear that Constance Vaulain Hamilton has sold The Whip to a man in Springfield. Won't it be strange to have a horse show without the Whip on exhibition? Perhaps, however, the gentleman who bought him will show him. As he takes about every prize going, it would be a pity not to see him in the ring.

MR. LERMAN STEWART, of Baltimore, is to be another guest of the John R. Valentines during the show. I told you, I think, that the Ambrose Clarks will be the Valentines' guests all that week. Mr. Valentines is at the head of the Bays Maw committee, and they are expecting a great number of entries and spectators this year.

I HEAR that Elizabeth Norris, daughter of Mrs. Garesche Norris, is to be in the list of debutantes for this winter. She has been spending the winter in Augustus Wilson, who lives in Havana with her son, Dr. Ricardo Wilson. Mrs. Norris was Miss Emma Dolores Wilson, a sister of Mrs. Hamilton de Villalon, wife of the Cuban secretary of public works, who you remember came up to the states last fall, staying here until Christmas time, and another sister, Miss Irene Wilson, married a Spanish officer and lives in Madrid. The late Doctor Wilson, father of Mrs. Norris, was a brother of the late Mrs. Thomas McCredy, of this city, whose son, Mr. Wilson McCredy, and daughters, Miss Emily McCredy and Mrs. Horace Fassitt, live here.

Elizabeth Norris was named for her great aunt, Miss Lizzie Norris, who is a niece of Mr. George W. Norris, who married Miss Sarah Fox. Elizabeth is rather tall, has rather light brown smooth hair and is now having lived a good deal of her life in Cuba, she has a certain amount of accent which is very fascinating. I have heard but she and her mother will arrive here soon from Cuba, and I am sure there will be a number of parties in her honor. She has been up here nearly every winter for several months at a time, and so knows most of the girls of her age. She is a great favorite and will have a good time.

MARION had gone with grandma to visit a certain lady who was grandma's great friend, and the dear old lady, having taken a fancy to the little girl, said as they were leaving: "Marion ask mamma if you may have lunch with me next Saturday; just you and me together." Marion, who loved her grandma very much and all old ladies accordingly, was highly delighted, and she returned to her mother and said: "Before she started off to the lunch mamma admonished her: 'Now you must behave very nicely, dear. Remember every winter for several months at a time, and so knows most of the girls of her age. She is a great favorite and will have a good time.'

When Marion came home she seemed a bit perturbed, and mother asked her: "Did you have a nice time, dear, and did you behave politely?" "Oh, yes, mamma," said Marion. "I was very polite, but Mrs. L. wasn't a bit. She picked up her children in her fingers and ate it that way."

Shoes and Success Badly designed shoes do much more than hurt the feet. They strain muscles and tendons all over the body. They upset the nervous system, sap your energy, deplete your nerve force. CANTILEVER SHOES fit the foot, support the arch, strengthen the muscles. They give you the help you need to gain health and success. The Cantilever lasts are patterned from the outline of the foot. The natural inner sole line permits the toes to point straight ahead as they should for comfort and strength. The Cantilever Shoe encourages an easy posture. This weight is so properly distributed that you can walk or stand on your feet for a long time without tiring. Pulling the laces draws up the under-arch sole to support the foot under the curve of the arch. And that support is not yielding. The flexible shank of Cantilever Shoes allows the foot perfect freedom. The muscles exercise in walking and grow strong from use. Cantilever Shoes prevent and correct fallen arches by strengthening the foot. This graceful foot is made in black kid, brown kid, or white kid. Also in brown or black kid with cloth tops.
